**PRIVACY ACT REGARDING INFORMATION COLLECTED:**

Under the Privacy Act, information collected may be used only for the purpose for which it was collected. It is not uncommon for schools to be asked to provide information on individual students to: e.g. other schools (at time of enrolment), police, CAMHS, CYFs etc. to facilitate support for those students. Please sign below indicating that you give your consent to share any information collected on your child, under such circumstances:

Address and phone number details are collected at the time of enrolment and during the student's time at school so that the school can contact the parent or student as necessary. These contact details may also be passed on to the Ministry of Education and Ministry of Social Development (MSD). This is so young people who may have difficulty finding future employment, training or further education can be identified and offered support by organisations contracted by MSD to help re-engage young people in education or training when they leave school.

I give consent for information to be shared as indicated above:

**SCHOOL NETBALL INVOLVEMENT:**

Only those students playing for CSC (Catholic Schools Combined) Netball Club will be eligible for selection for representative teams playing netball for John Paul II High School against other secondary schools. Two exceptions apply:

1. Where non CSC players are playing club netball for a team at a higher grade than that played by CSC 'A' in the West Coast Netball Association competitions.
2. Students who play in the Westland Netball Association (Hokitika) competitions are also eligible.

In the cases above, interested students must be available for selection at the required time and commit themselves to attending all practice sessions organised for the selected representative team.

## ACCEPTABLE USE OF COMPUTERS AGREEMENT:

The measures outlined in this document are based on the Catholic, Marist and Mercy Special Character of the School and their core values. The School's computer network, Internet access facilities, computers and the school ICT equipment/devices bring great benefits to the teaching and learning programmes at John Paul II High School and to the effective operation of the school. This agreement includes information about your obligations, responsibilities, and the nature of possible consequences associated with Acceptable Use of Computer Agreement breaches which undermine the safety of the school environment. - Bringing on to the premises or infecting the network with a Virus, Trojan, or program designed to damage, alter, destroy, or provide access to unauthorised data or information is in violation of this "Acceptable Use" Agreement.
- Processing or accessing information on school property related to "hacking", altering, or bypassing network security policies is in violation of this "Acceptable Use" Agreement.
- John Paul II High School has the right to collect and have examined, by a person designated by the Board of Trustees, any device that is suspected of causing problems or of being the source of an attack or virus infection.
- John Paul II High School has the right to inspect files on any device brought on to the campus irrespective of whether or not it has been the cause of a problem/ attack / virus (This covers devices that may contain pornography / objectionable material obtained offsite and stored on the Student Owned Device). Whether or not something is "objectionable" will be decided by the Principal considering the school's special character.
- Files may have to be saved on the C drive of the laptop, a USB drive, an external drive, or Cloud based storage.
- It is the owner's responsibility for the repair of any malfunctioning / damaged devices. John Paul II High School does not supply technical services for student owned devices and will accept no liability for loss or theft.
